PROJECT PROPOSAL: Brand Identity & Digital Presence

Executive Summary

The goal of this project is to transition from a idea of a “water shop” to a premium Water Brand that is based in a water shop.

In a competitive market, consumers choose water based on trust, purity, and lifestyle alignment.

This ensures that the brand is not only designed correctly but is actively managed and marketed during its most critical first 20 weeks.

The "Brand Scale" Package *Total Investment: R50,000*

Structure: R10,000 per month for 5 months.

- *Month 1: The Build, "Final Brand Identity, Logo Suite, Product Label Designs, and High-Performance 5-Page Website.*
