

Brand Logo

The Hydr8 logo consists of two parts: the **Wave Icon** and the **Wordmark**.
Primary Logo: The icon stacked on top of the text.

Logo Symbol

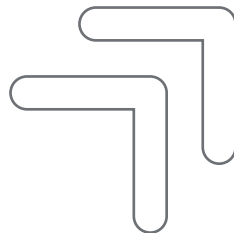

This is best for the main storefront sign and business cards.

The Icon (The "Seal"): Use the circular wave icon alone for social media profile pictures, stickers for the water jugs, or employee caps.

Logo Usage & Clear Space

Clear Space: Always leave a "buffer" of empty space around the logo equal to the height of the "H" in Hydr8. Don't crowd it with other text or stickers. Contrast: Never place the blue logo on a dark background. If the wall is dark, the logo should be changed to All White.

Brand Color

The colors in this logo suggest "hydration" and "purity." Stick to these specific shades to keep the store's look consistent.

Typography

The font in this logo is a Bold, Rounded Sans-Serif. This is a great choice because it avoids sharp corners, making the brand feel "**smooth**" like water.

- Primary Wordmark Font: VAG Rounded or Arial Rounded Bold. (These are standard and easy for any sign-maker to find)
- Secondary/Body Font: For the price list and store hours, use a clean, modern font like Montserrat or Open Sans. Avoid using the rounded font for long paragraphs of text, as it can be harder to read in small sizes.

Deep Ocean Blue

#0072BB

CMYK	100	40	27
RGB	0	114	187

Primary - Trust, depth, and clean water.

Ice Blue/Cyan

#E1F5FE

CMYK	11	4	0
